Holiday Homework [2020](#)

Dear Parent's,

Summer holidays are here again to give us respite from the heart. We hope that our children will enjoy their vacation. Children learn through experience and play. There are many ways in which you can support them in gaining knowledge and understanding as well as strengthen the parents child bond.

Something that you as parents can do are...

- ***Make simple easy English conversation.***
- ***Play simple games.***
- ***Involve them in little household chores.***
- ***Recite story to them.***
- ***Recite Hindi and English Rhymes.***
